

Adam Darby

Web Developer

Motivated web developer with 15+ years of experience working in a myriad of environments, both development and team-wise. Passionate and hard-working with the ability to adapt to any given situation. Excellent communications skills and positive demeanor, works well with people from varying backgrounds and cultures.

Work History

2016-01 -
2019-11

Front End Web Developer

FortyFour, Atlanta, GA

I worked as part of the development team to design and implement solutions for clients of all stripes. Magento, Drupal, Shopify, Wordpress, HTML5, CSS/SCSS, Javascript/jQuery. Built and updated Magento pages for Coca-Cola USA (cokestore.com) and Coke France.

2014-12 -
2015-12

Front-End Web Developer

Tin Roof Software, Atlanta, GA

Worked with other developers to build an interface for CNN Go for DirecTV's set-top box and the Amazon Fire Stick (Angular, HTML, CSS). Also helped build CNN's Great Big Story site (React).

2010-03 -
2014-10

User Interface Developer

Engauge, Atlanta, GA

Worked with the design, UX, and content teams to create client websites, emails, and Facebook applications using HTML, CSS, Javascript, and the CodeIgniter framework.

2009-11 -
2010-03

Web Developer

WebMD Health Corp., Atlanta, GA

Worked with designers and other developers to create and update features on the WebMD site.

2009-03 -
2009-06

Web Developer

Maybe For You, Inc., Atlanta, GA
